SUMMARY

Active contributor in technical clubs, mentoring peers and leading seminars. Skilled in blockchain, full-stack development and Web3. AWS Certified Solutions Architect and Cloud Practitioner with a foundation in cloud systems. MeitY-evaluated national start-up pitch winner. Known for teamwork, leadership, and clear communication.

EDUCATION

B.Tech, Computer Science and Engineering (CGPA: 7.82)	01/2023 – Present
Amrita Vishwa Vidyapeetham	
12th Grade, Computer Science (91.2%)	2023
Navdeep Public School	
10th Grade (96.5%)	2020
Navdeep Public School	

INTERNSHIPS

Full Stack Developer Intern	08/2025 – Present
Amrita CREATE	
- Developed a department-level school management system for academic and administrative workflows. - Built REST APIs, authentication, role-based access, and database-backed modules. - Coordinated with faculty stakeholders to convert operational needs into scalable features.	
Web UI/UX Developer Intern	08/2024 – 01/2025
Artsy Technologies Pvt. Ltd	
- Developed responsive, production-grade UI/UX components using Next.js and Tailwind CSS. - Integrated frontend components with backend APIs for seamless user experience. - Improved UI/UX consistency, accessibility, and cross-device performance.	
Web Designer Intern	01/2024
Infogateway IT Solutions	
- Designed, deployed, and maintained multiple client websites end-to-end. - Deployed websites on hosting platforms and maintained flow of billing and payments. - Supported delivery from UI design through production deployment.	

PROJECTS

School ERP System	08/2025 – Present
- Academic, student, and administrative processes were fragmented and manually managed within the institution. - Designed and developed a full-stack ERP system with a responsive Next.js frontend and UI created using Figma and Adobe tools, backed by secure database-driven services. - Centralized academic and administrative workflows, improving operational efficiency and data accessibility.	
Facial Expression Recognition	07/2025
- Traditional facial expression models struggled to capture spatial relationships between facial landmarks. - Designed a hybrid model combining CNNs with GAT by representing facial landmarks as graph structures. - Improved emotion classification accuracy and published the results at an international IEEE conference.	
Ethereum NFT Marketplace	07/2025
- Centralized platforms limited user ownership and transparency in digital asset trading. - Developed a decentralized NFT marketplace with ERC-721 smart contracts and a Web3-integrated frontend. - Enabled trustless minting, trading, and wallet-based authentication for decentralized digital asset ownership.	
Private Blockchain Network	05/2025
- Secure transactions were required in environments where public blockchain access was not suitable. - Designed a permissioned blockchain network with role-based node participation and controlled consensus mechanisms. - Ensured data integrity, transparency, and restricted access within trusted network participants.	
Proof of Justice (PoJ) Blockchain	04/2025
Judicial records were vulnerable to tampering and lacked long-term verifiability in traditional storage systems.	

- Converted court judgments into immutable NFTs using Ethereum smart contracts with IPFS-based decentralized storage.
- Achieved tamper-proof preservation and transparent verification of legal documents.

LEADERSHIP & COMMUNITY IMPACT

Web Lead & Core Member — ACM Student Chapter

10/2024 – Present

ACM, Association for Computing Machinery

- Mentored 100+ students in web development, cloud infrastructure, blockchain, and competitive programming.
- Conducted seminars, interviews, and guided student projects in web and blockchain technologies.

Team Lead — Student Social Responsibility (SSR)

10/2025

Amrita Vishwa Vidyapeetham

- Led a six-member team to conduct a web development workshop and ideathon for school students.
- Introduced fundamentals of web technologies and guided students in building their first websites.
- Organized an ideathon focused on solving real-world problems using technology.

KEY ACHIEVEMENTS

- Winner — National-Level Start-Up Pitch Deck Competition MeitY Startup Hub GENESIS EIR Cohort-2, Government of India. 2025
- Spirit of Innovation Award — CAUSE 2025 Ideathon, CMR University, Bengaluru. 2025
- Open Source Contributor — Hacktoberfest with multiple accepted pull requests. 2025

TECHNICAL ROLES

- **Volunteer Coordinator — ICPC Asia West Amritapuri Regionals** 2026
Coordinated volunteer teams and managed logistics for a large-scale international programming contest.
- **ACM Technical Coordinator — Vidyut Multifest** 2025
Coordinated ACM-accredited technical workshops and events conducted during the Vidyut multifest.

CERTIFICATIONS

- AWS Certified Solutions Architect — Amazon Web Services 2026
- AWS Certified Cloud Practitioner — Amazon Web Services 2025
- Oracle Java Programming Certification — Oracle 2024
- Oracle Java Fundamentals Certification — Oracle 2024

SKILLS

AWS, SQL, Data Analysis, QuickSight, Tableau, VPC, Docker, Kubernetes, Solidity, Ethereum, Web3.js, AI/ML, Deep Learning, Next.js, React.js, React Native, Java, C, Go, Python, LaTeX

LANGUAGE PROFICIENCY

English, Malayalam — Read, Write, Speak, Understand
Hindi, Tamil — Speak, Understand
